

## THE LONGEST SPANISH GREENWAY ! FROM THE OJOS NEGROS MINES TO THE MEDITERRANEAN SEA

Ride on Ojos Negros Greenway, 160 km, the largest Greenways trail in Spain. From the village of Cella to the Mediterranean Sea in Sagunto.

An accessible itinerary to all people, that allows us to know a jewel of the Spanish heritage as Teruel, world capital of Moorish architecture highlighting the towers and the roof of the Cathedral, declared a World Heritage Site by UNESCO. From here, the greenway drives you to the coast, reaching the Mediterranean Sea discovering Alto Palancia Valley, a rural area in the province of Castellón. A must see "El salto de la novia" a very nice waterfall in Navajas village. The end of the route is the town of Sagunto, where you can relax and enjoy at the nearest beach or walk through the cultural and historical part of the town, filled with vestiges from past centuries as the castle or the ancient roman theatre. You'll be **cycling about 30 Km/day** with enough time to visit some places. This route is perfect for the ones who want to cycle the greenways while enjoying the landscape and lodging in comfortable accommodations.
